[hippocratic oath wikipedia](#)

The Hippocratic Oath is an oath historically taken by physicians. It is one of the most widely known of Greek medical texts. In its original form, it requires a new physician to swear, by a number of healing Gods, to uphold specific ethical standards. The Oath is the earliest expression of medical ethics in the Western world, establishing several principles of medical ethics which remain of ...

[abortion get facts about the procedure and statistics](#)

Abortion is one of the most common medical procedures performed in the United States each year. More than 40% of all women will end a pregnancy by abortion at some time in their reproductive lives.. While women of every social class seek terminations, the typical woman who ends her pregnancy is either young, white, unmarried, poor, or over the age of 40.
