

THERMAL COMFORT A CONDITION OF MIND IN SIMPLE TERMS

[thermal comfort a condition of mind in simple terms](#)

"Ultimately one of the difficulties in discussing thermal comfort is that this definition of "condition of mind" sits, "at the crossroads of physics, physiology, psychology, culture, and climate (Solomon, 2011);" and as I like to point out, it does so amongst a competitive industry driven by public relations, marketing, and sales teams all offering products and services related to a term ...

[built to code what does it mean for thermal comfort](#)

"The most commonly used indicator of thermal comfort is air temperature" it is easy to use and most people can relate to it. But although it is an important indicator to take into account, air temperature alone is neither a valid nor an accurate indicator of thermal comfort or thermal stress."

[underfloor heating wikipedia](#)

Underfloor heating and cooling is a form of central heating and cooling which achieves indoor climate control for thermal comfort using conduction, radiation and convection. The terms radiant heating and radiant cooling are commonly used to describe this approach because radiation is responsible for a significant portion of the resulting thermal comfort but this usage is technically correct ...

[radiant boilers and water heaters](#)

Radiant continuously aims to satisfy the energy needs of our customers, by ceaselessly improving our products, service and organization, while respecting both the environment and our employees.

[all about thermal mass greenbuildingadvisor](#)

Promoters of high-mass walls, like this wall built of autoclaved aerated concrete (AAC), often boast that materials with a high thermal mass perform better than their dismal R-values indicate. The AAC blocks in this photo were manufactured by Aercon.

[solar thermal is dead greenbuildingadvisor](#)

In much of the U.S., it makes little sense to install solar thermal collectors anymore, because there's now a cheaper way to use the sun to make hot water. In the northern half of the U.S. " and even much of the South " installing a residential solar hot water system doesn't make any sense. It ...
